

## Administrative Procedure 111

---

### FOOD SERVICES

#### Background

It is sometimes desirable to provide students who stay at school for lunch with a hot lunch or with a variety of special lunches. This procedure is intended to address those occasions when food services are provided by external vendors.

#### Procedures

1. The principal, in consultation with the staff and School Council, have the authority to assess the benefits to students of any food service provider in the school.
2. The principal, staff and School Councils are to develop a school policy regarding food services in the school. In accordance with Administrative Procedure 112 "Nutrition".
