

Medicine Hat Catholic Board of Education

Second Quarter Report

February 28

2018

This document includes the financial update for Medicine Hat Catholic Board of Education for the period of September 1, 2017 to February 28, 2018 and explanatory notes of the update. This information has not been audited.

Report to the
Board of
Trustees
March 13, 2018

**Medicine Hat Catholic Board of Education
Second Quarter Report
Executive Summary**

Medicine Hat Catholic Board of Education ('MHCBE') has budgeted expenditures of \$32.7 million and provides public education services to the citizens of the City of Medicine Hat, Redcliff, Dunmore and the rural areas.

MHCBE was established in 1911 and has proudly served our communities for over 106 years. MHCBE serves 2547 students and children from ECS to grade twelve plus many more children in our community preschools. MHCBE provides high quality learning experiences for students through a broad range of educational programs in nine schools.

MHCBE believes in fiscal accountability and transparency through regular financial monitoring and reporting. Under *Administrative Procedure 500 – Annual Division Budget*, the Board directs that the Secretary-Treasurer is accountable to the Superintendent for the effective control of expenditures within budgetary limits established for the departments and schools. *Policy 2 – Role of the Board* indicated that the board shall receive fiscal accountability reports to ensure the fiscal management of the division. The executive summary presents highlights of MHCBE financial operations for the period September 1, 2017 until February 28, 2018 to provide fiscal accountability within the established guidelines.

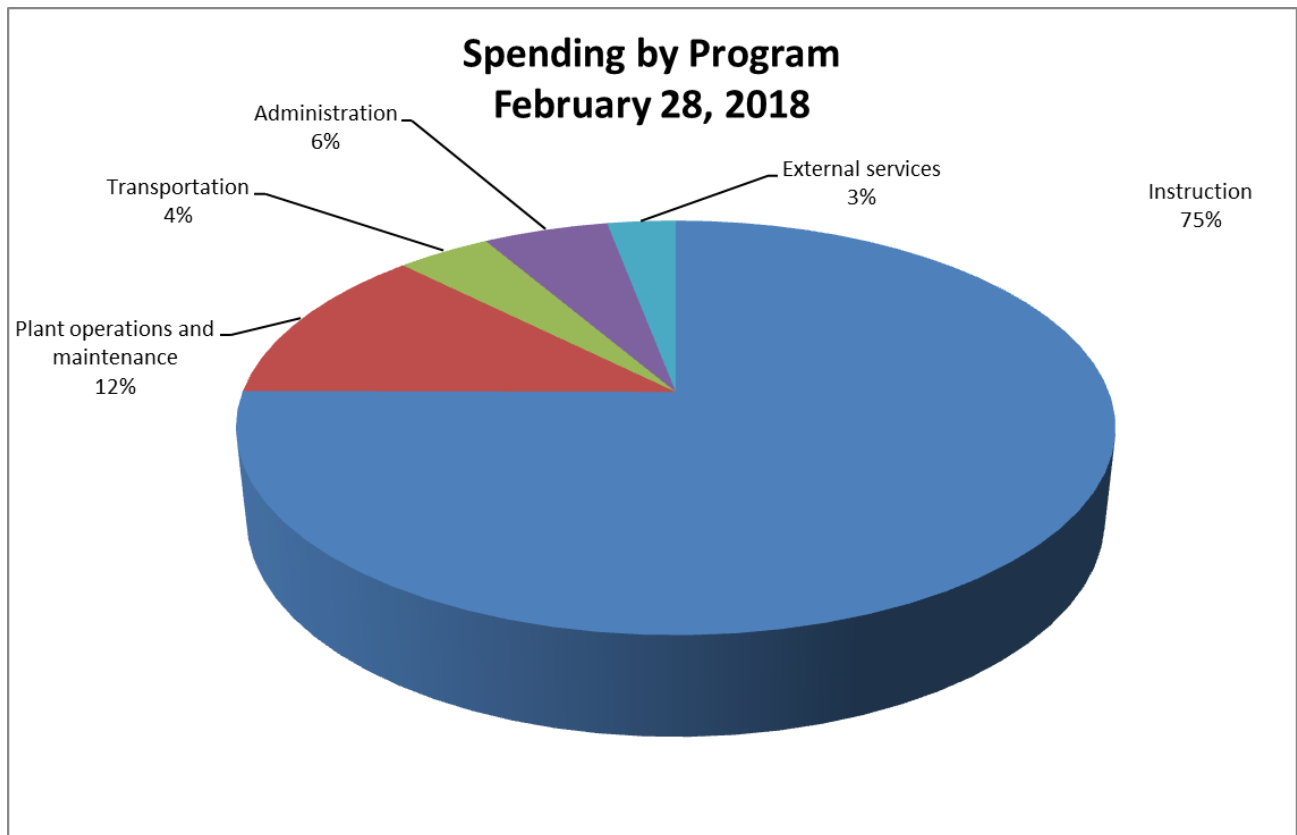

Budget

The fall budget update for the 2017-2018 school year reflects changes to the district budget as of September 30th, 2017. Revenue in the revised budget increased \$0.43 million, or 1.4% over the operating budget developed in June 2017. This increase is due to mainly increased student enrollment on September 30th of 15 students from the operating budget, as well as the Classroom Improvement Fund and the Nutrition Program.

Expenditures in the revised budget increased by \$0.75 million over the operating budget due to increase staffing hired in the fall and school based needs. An additional 0.65 full time equivalent teacher were hired and 2.5 learning assistants. The Classroom Improvement Fund and the Nutrition Program were other major contributors the increased expenditures.

Operations

For the six-months ended February 28, 2018, \$16.9 million of revenues have been recorded which is 52.4% of budget. Revenues are generally on target. Expenditures are \$16.5 million as of February 28, 2018 which is 50.4% of the budget. Expenditures are generally on target.

Forecasted Operations To Year End

At February 28, 2018, forecasted revenues and expenditures have not been adjusted for any known items except for the following:

1. Transportation Grant Increased \$32,000 with no expected impact to expenditures
2. Fundraising Revenue being increased by \$34,000 to match the actuals received.
3. SGF Fundraising Expenditures increased by \$34,000 to match the increased fundraising.
4. PUF Grant Revenue and Expenditures Forecasted Increase \$62,000
5. Instructional Staffing expenditure forecast has been reduced by \$100,000 to reflect spending trend

Detailed analysis has occurred in each budget area.

It is felt that the services remaining from the year can be funded through the forecast.

Senior Administration, in conjunction with the schools and departments will continue to monitor the forecast.

Capital Expenditures

The Board approved the IMR plan in January 2018, subject to new ministry guidelines. There is now \$1.02 million of IMR activity included in the budget (up from \$0.49 million) with \$436,625 to be expensed (down from 0.49 million) and \$0.93 million to be capitalized. These figures are adjusted based on the closure of St. Thomas.

It was announced on January 27, 2014 that Monsignor McCoy High School was approved for a modernization and is substantially complete. The commitments for the effects of the modernization have not been included in the budget.

Construction continues for St. John Paul II School. No allowance for impacts of the school have been included in the budget nor forecast.

Budget 2018-2019

The Ministry of Education is expected to announce the 2018-19 budget in the Spring of 2018. The operating budget would be expected to be approved by the trustees in late May 2018. There is a systemic deficit of approximately \$225,000 which would need to be considered along with a plan to establish the Accumulated Surplus from Operations at an appropriate level.

Summary Comments

Operating expenditures would indicate that spending is occurring for the benefit of today's students while not compromising opportunities for future operations of the District.

Financial Position

As at August 31st, 2017 MHCBE had an available accumulated surplus from operations (Net of investment in capital assets and capital reserve) of \$0.94 million. Of this amount, \$1.1 million was restricted for school generated funds and prior year school surpluses and other departments. The Unrestricted Reserve is in a deficit position of \$0.20 million.

The Board approved a deficit of \$0.52 million. This would result in a decrease to the ASO of \$0.22 million.

The 2nd Quarter Forecast increases the expected ASO balance by \$132,000.

- There is a forecasted surplus forecasted of \$0.536 million, up \$1.06 Million from the Fall Budget
- The year-end ASO is expected to increase \$0.849

Accumulated Operating Surplus is represented by unrestricted surplus and operating reserves, which together make up the accumulated surplus from operations, and total capital reserves.

Unrestricted surplus are funds that are not designated for a specific purpose. Operating reserves are funds that have been designated for a specific program of the District.

Capital reserves are funds that have been set aside for future replacement of District

assets that are not supported by the Province or external contributions. The MHCBE will be looking to develop a process in the budget development to annually contribute the budgeted amount of amortization on unsupported assets into the capital reserve fund, as per the approved budget, to fund future asset replacement.

Medicine Hat Catholic Board of Education
Notes to the Statement of Operations
For the six-months ended February 28, 2018

About The Statement

This statement includes four main areas:

- The first area in Purple are the actuals from 2016-17
- The second area highlighted in blue is budget Information. The first budget information is the official operating budget which was approved by the Board of Trustees in June 2017. The second column of budget information is the fall budget update that has been revised after September 30th enrollment counts and is used as the management control budget for the fiscal year.
- The third area highlighted in pink is the actual results for the period.
- The fourth area highlighted in yellow is the forecast. This information is the forecasted revenue and expenditures to August 31, 2018. The forecast will be changed each quarter based on best estimates given current and past financial information. Rationale will be provided when the forecast has been changed from the original budget.
- The fifth area highlighted in green is the variance area. This area provides information on the percent received/expended as compared to the September 30th operating budget and the percent received/ expended as compared to the updated forecast information.
- The sixth area in orange is the change in the forecast from the Fall Budget Update.

REVENUES

Alberta Education

Grants have been received as generally expected at the second quarter. Not all grants are received evenly throughout the year and there are some timing issues related to clearing of priority school conflicts. IMR funding will be recognized as expenditures are incurred which is depressing the percentage utilization.

Other Government of Alberta

This revenue mostly relates to the Community Coming Together Funding from Alberta Health Services. As we bill AHS based on activity, there is a delay in revenue recognition.

Other Alberta School Authorities

Reflects the funding received from CAPE for Maintenance of the former St. Louis School and is recognized as we receive the funding from CAPE.

Fees

Reflects funds collected by schools for school fees and remitted to Catholic Education Centre and tuition collected for foreign students. Fees that are collected for school generated activities are also included. Most fees and tuition fees are collected at the beginning of the school year, while school activity fees are collected throughout the school year; therefore the amount collected is 82% at the second quarter.

Other Sales and Services

Mainly includes certain SGF activities. This is expected to increase through the year and we will continue to monitor. This also includes preschool fees, band fees and transportation fees. This is generally on target with a 10-month school year.

Investment Income

Interest earned on cash reserves.

Gifts and donations

Gifts and donations that have been received for school generated activities. The timing of the donations may be a factor with regards to when they will be recognized. Generally on target however the nature of the activity limits the forecasting ability.

Rental of Facilities

Funds charged for use of facility space for the preschool modulars and from other facility rentals. September and October have been received and December will be paid with January.

Fundraising

Funds raised for the benefit of school generated activities that are co-curricular in nature. Fundraising may include a-thons, and fundraising sales. Significant amounts of fundraising happen within the schools and would be recognized prior to year end. We will watch this area and the recognition of the revenue is nearly that of the budget. The Forecast has been adjusted to match the amounts actually received.

Overall, revenues are consistent with the forecast, at 52%, as at February 28, 2018.

EXPENSES

Expenditures are reported as a total for each functional area within the District. For further information on types of expenditures and spending in these functional areas please see the *Schedule of Program Operations* that follows in this document.

Instruction

Instructional expenditures represent expenditures from early education to grade 12, school generated activities and supporting programs such as Inclusive Education, Technology, Instructional support, First Nations Metis and Inuit programming, and Student Health Initiative.

A breakdown of spending in these instructional programs may be found in the *Schedule of Instructional Program Expenditures* later in this report.

Instructional expenditures were generally on target at 50.0% at the end of the second quarter. Further analysis will occur before the third quarter to confirm the forecast.

Plant Operations and Maintenance

Plant operations and maintenance expenditures represent spending on operating and maintaining the District's schools and facilities. These expenditures include maintenance and caretaking personnel, utilities, contracted maintenance and Infrastructure Maintenance and Renewal (IMR) projects.

Transportation

Transportation expenditures represent mainly the cost of contracted bussing to bus students who reside more than 2.4 km away from their resident school (1.2 km for elementary schools even though students between 1.2 km and 2.4 km are unfunded). These costs include the contracted operation of buses and a contracted bus with the City of Medicine Hat. Certain costs not yet incurred include the parent funded arrangements for coded pre-schoolers. Costs also included provision of specialized bussing needs for students with disabilities. The expenditure flow is typically a 10-month contract.

Administration

Administration expenditures represent the cost of the Board of Trustees, Finance, Human Resources, System Instructional Support, and the Office of the Superintendent.

External Services

An external service represents costs that are outside regular provincially mandated instruction and operations. For the District, the community preschools are considered an external service as it does not fit the mandate of the instruction requirements as well as the before and after school care programming.

The preschool expense stream is typically over 10-months. We will continue to monitor and work with the early education program to ensure this area is monitored.

Overall, expenditures are close to 50.4% of budgeted figures at the end of the second quarter.

**Medicine Hat Catholic Board of Education
Notes to the Schedules of Program Operations
For the three-months ended February 28, 2018**

About The Statement

The Schedule of Program Operations shows the type of expenditure by each functional area of the District and the expenditures in these areas for the fiscal period and as compared to the Fall Budget. The expenditures are noted as a total for each functional area on the previous statement, the *Statement of Operations*. The percentage expended by each functional area as well as by type of expenditure is also provided to gauge expenditures for the fiscal period reported.

Certificated Salaries and Benefits

Certificated salaries and benefits are 50.7% and 40.5% respectively for the quarter ended. This is generally consistent with the time period and with the recognition that benefit costs will escalate in the start of the calendar year.

Non-Certificated Salaries and Benefits

Utilization of Non-certificated Salaries and Benefits are at 56.8% for salaries and 45.6% for Benefits. Benefits are generally left on for 12-months for staff with assignments to return to. Overall we seem to be trending lower than anticipated and we will be monitoring the staffing in the hourly support staff.

Services, Contracts and Supplies

Services, Contracts and Supplies are at 53.0%, however there are some front-end loading of expenses and most school based expenses are on a 10-month cycle. We will continue monitoring this area. POM tends to have a larger 4th quarter expenditure.

School Generated Funds

SGF is under instruction and while a service, contract and supply, it is identified internally as a separate category for management purposes. At the end of the first quarter 52.0% of the SGF expenditure is recognized as of the end of the quarter. Timing may be a significant factor and the budget process of spending is being assessed.

Amortization of Capital Assets

The amortization of capital assets reflects the September 30th budget.
