GENERAL COMMENTS

The 2018-19 Budget has been developed within the guidelines of the Funding Manual for School Authorities provided by Alberta Education. The Funding Manual provides school boards with the flexibility to spend on student needs and local priorities. The funding framework also requires that the school board is accountable for how funds are spent and to ensure outcomes are achieved with continuous improvement over time. The Funding Manual funds boards not only on a per student basis, but on specific profiles. In addition, the District's Three-year Education Plan and Strategic Priorities were used to prioritize spending. Alberta Education's Budget Guide was used for specific reporting requirements.

The Combined Annual Education Results Report (AERR) and Three-year Education Plan for 2017-2020 may be found at:

BUDGET PROCESS

Each year the Business Services team, in conjunction with senior administration, prepares a draft budget outlining projected revenues and expenditures. The draft budget is based on the priorities of the division as set out in the *Three Year Education Plan* and the Board's Strategic Priorities. The Board of Trustees have opportunities at various times to provide input into the budget and develop assumptions both during board meetings and during certain strategic planning sessions. Elements of the draft budget were presented to the Division Leadership Team for discussion and input. The Division Leadership Team, in a consultative process, provides input for teaching and support staff required in each school site and operating expenditures required for the delivery of effective Catholic education. The Budget concepts were presented to the Trustees at various times for input.

It is then the task of senior administration to produce a budget that is presented to the Board of Trustees for approval. Budget highlights can be found on the website at www.mhcbe.ab.ca. In November of the year, an updated budget will then be presented to the board for approval based on the updated and significant changes which have occurred since the original presentation. Discussions were held with the division leadership team and the board to ensure priorities are filled.

This is the 2018-19 Fall Budget Update of the Board based on the 2018-19 budget approved in the spring and adjusted for known information coming from enrolments, staffing and prior year carry-forwards amounts along with adjustments needed for emergent needs and changing conditions.

STRATEGIC PRIORITIES

The following Strategic Priorities have been approved by the Board of Trustees for the Medicine Hat Catholic Board of Education for 2018-19.

Continuous improvement is an expectation within our schools. Planning and reporting processes at the school level are essential for focusing efforts to improve the quality of education provided to students. Each year schools complete an annual plan. School plans focus on the strategic priorities of the Division and align with the Provincial Annual Education Results Report.

Medicine Hat Catholic Board of Education held a series of Strategic Planning sessions. The Strategic Planning sessions provided an opportunity for stakeholders to review the vision, mission, values, and to articulate the strategic priorities for the division. Representatives from stakeholder groups included trustees, senior administration, central office staff, and school based administration, teachers and parents. Based on the responses, the stakeholder groups brainstormed possible themes. The information collected was used to develop District Strategic Priorities. The Strategic Priorities are the focus for the MHCBE 3 year plan (2018-2021) and for School Based Annual Plans for the 2018-2019 school year.

2018-2019 Strategic Priorities

For the 2018-2019 school year we have agreed upon 5 priorities which will include Catholic identity plus 4 more. In addition we have determined a few areas that will be Senior Admin Directed Goals and Actions Carried Forward.

Division Priorities 2018-2019

- To enhance our Catholic identity;
- To foster meaningful parental involvement and stakeholder engagement;
- To develop a Literacy and Numeracy initiative to ensure every student is successful;
- To develop a vision for the use of technology to support student learning.
- To provide a continuum of support for the mental health and well-being of parents, students and staff.

These strategic priorities were used by management in conjunction with the three-year plan to assist in funding decisions.

Accountability Pillar Results continue to indicate strong results. The Accountability Pillar ensures all school jurisdictions are measuring success in the same way. Our school district has done exceptionally well and we have a lot to celebrate. Medicine Hat Catholic Schools continue to excel on the Alberta Education accountability pillars. Students are achieving well above the provincial average in 13 of 16 categories, outperforming their provincial counterparts. Our Grade 6 & 9 students average 9.3% higher than the province on meeting the acceptable standards in all Provincial Achievement Exams and our High School Completion Rate has improved the last 3 years and is more than 9% higher than the province. These results show the high quality of

education in our Catholic Schools and the commitment of staff and parents in ensuring students are safe, engaged and successful.

Medicine Hat Catholic Board of Education continues to provide excellent Catholic education in partnership with Family, Church & Community. We are continuing to work together in partnership to find ways to support and sustain our programs throughout the Division. We continue to be innovative in striving to become more effective and efficient. Supporting student with needs in an inclusive education model will continue to be a District goal in order to achieve success for all students.

The Medicine Hat Board of Trustees is committed to strategic planning as a systematic process for developing a long term vision that engages stakeholders in meeting the needs of all students who attend the Medicine Hat Catholic School District.

Medicine Hat Catholic Board of Education 2018-19 Fall Budget Update Analysis

The 2018-19 Budget for Medicine Hat Catholic Board of Education shows a deficit for the year of \$164,000 and with the effects of the amortization will have a net increase to our accumulated operating reserves in the amount of \$244,000. The unrestricted net assets remains in a deficit position of \$149,000 however this is covered off with the use of the \$789,000 in restricted reserves allowing for a positive net balance. Future budgets should have a priority to increase the unrestricted reserve to a balance sufficient for the board's needs.

With regards to the budget methodology, the budget was prepared under Public Sector Accounting Standards ('PSAS') to allow for greater comparability to the year-end financial reporting.

This analysis examines the differences from the 2018-19 Budget approved in the Spring of 2018.
