Dear MHCBE families,

RE: Notice of Motion for New School Project

This letter is being sent to all division families as a “Notice of Motion” for the construction of a new division school building. The Board of Trustees is scheduled to formally approve the construction of a new school building at the next public board meeting which will be held on Tuesday, October 10, 2023 at 4:30 p.m.

Upon completion of the new school (anticipated in the fall of 2026) St. Francis Xavier School, St. Michael’s School and St. Mary’s School buildings will be closed and students will be relocated to the new facility.

The new school building will be located on the current St. Francis Xavier School site (*318 8th Street N.E.*) adjacent to Monsignor McCoy High School. The division has submitted a request to Alberta Infrastructure that the new school building be constructed behind the current St. Francis Xavier School.

The Board of Trustees is committed to regular communication with our stakeholders regarding the new school project and will share updates regularly on our division website. Please see the following links below to learn more.
